Hi Friends, my name is Katie Swank and my passion is Jesus. I am a Christian, a wife, and a mommy of two precious miracles. With the loving support of my family, I champion our HomeSchool PSA, as well as being CEO of my Company - Simply Swank. The source of my success is Jesus, and in Him alone is all Glory, Honor and Praise. Amen.

I am inspired by God, who blessed me with the skills required to run a successful company like Simply Swank, I surrender daily - to His will and His way. Our international umbrella company, [www.SimplyMySwank.com](http://www.SimplyMySwank.com), facilitates thousands of clients worldwide. We started our company in 2018 and our passion to see it grow is truly a gift from the Holy Spirit. Simply Swank is an expression of Christian love, our family's faith in Jesus, and God's promises of "Yes," and "Amen."

Simply Swank offers Online Education Solutions, Government Resources, Handmade Jewelry, Christian Fitness Videos, Family Recipes, Children's Books, Poetry, and many other fantastic Christian resources. Our journey with Jesus is a humbling, wonderful and exciting straight n' narrow-path that has brought us right here, right now.

Buckle up, friends, it's the ride of a lifetime!

This workbook will give you a simple step-by-step outline on how to start your own Homeschool Affidavit or PSA. This world has gone bonkers and it is focusing all its evil energy on our babies. Time to say "NOPE" to the world. God gave us our miracles for one purpose, to allow our hearts to comprehend what true love really is. Now that we know a fraction of the love our Father has for us, we will utilize that same Godly love and protect the miracles He blessed us with. Double amen!

We will keep them home and teach them morals, values and principles based on the Bible, our only source for truth. We, at Simply Swank Education, encourage We The People to not enroll their children in public schools, which will in turn remove the funding for the demonic war on children. We will protect them, teach them about Jesus and remember, when God is with us, who can be against us?

Read Matthew 18 and take it personal folks - is not helping the same as harming them in the eyes of Jesus? It's time to act in righteous defense now.

# WHAT?

What is a Homeschool Affidavit?

The Private School Affidavit (PSA) is an online form, required to be filed by every private school in California between October 1st and 15th of each year. Homeschool parents establishing their own private school are completely severed from the state. They no longer report to the state, and no longer receive funding from the state.

PSA Parents own their children. They make freedom choices for their babies and teach their children Biblical Truth which is just, righteous and true.

# WHY?

Why choose a Homeschool Affidavit?

In California, there are several ways that parents educate their children at home: through an existing private school, through a public charter or independent study program, and in many instances by opening their own private home based school and filing the Private School Affidavit (PSA) with the California Department of Education (CDE).

Choosing a Private School Affidavit allows you to completely separate yourself from the terrifying clutches of the State. You will no longer receive any money for assistance or funding. In turn, you take money away from the system that is focusing on abusing children and removing choice, disclosure and freedom rights from parents.

When you stop feeding the disease, the disease cannot grow, fester or spread. The Government will lose control, submit to the Constitution and the power of We The People, and you will regain your foothold as head of your household and Country. Do not let the government take your children away. Do not feed the disease.

By starting your own PSA - you own the rights to your children and show the world that you fully understand your rights under the Constitution. You also, and most importantly obey Jesus and protect His children. They belong to Him, and Him alone. Read Matthew 18.

# HOW?

How do I homeschool full time?

Fun Fact - California is the most densely populated State in the Union. We also have the most home-schooled children per-capita. Also, on an international scale, the United States has the highest number of homeschooled kids worldwide.

If you already homeschool with a charter, you can homeschool with an affidavit (PSA). It's really that simple. You have completely disconnected with the state. Your only boss is the Holy Spirit. Your own personal convictions and your knowledge and wisdom of your children will thrive in a PSA or Affidavit environment.

With no restrictions on religious materials, you are free to teach your children about the Bible and focus on what matters, helping them find their way to heaven. The world enjoys clouding the focus of life-essentials. What college your child attended will not matter if they don't make it to heaven.

Shadow a friend and see what they do for their school. Join a co-op. Purchase your materials and use the Bible as your child's main source of education. God is good and your whole family will be blessed.

# BE SPECIFIC:

**Your Homeschool day will be your own style, but this is the methodology I use:**

- Begin the day with prayer
- Say the Pledge of Allegiance
- Sing the National Anthem
- Complete Core topics: Math, English, History, Science, Spelling and Bible, etc.
- Incorporate Music into learning

Be active through the day, stand up - do jumping jacks, shake your body, do silly songs, reset their minds and attitudes, sing to the Lord, rejoice in the battles. Your miracles are learning and so are you!

Teach them to pray out loud through the trials and pray with thankfulness with the triumphs! Go on lots of scenic walks, learning field trips, do lots of verbal quizzes, travel, sight-see, volunteer, the possibilities are endless!

I resource educational videos and books to compliment the daily topics we are learning so the children have a variety of learning methods and styles.
