# SPELLING WORD PRACTICE

Find the spelling words in the paragraph below

Awhile ago there were two children who had a great friendship. The children thought that they could exchange white chocolates for watches and make a great business. Athletes passed by together in perfect rhythm, where the children were standing, hoping to trade chocolate for watches.

Months went by though, and they realized that this length of time was telling them something very important. The arithmetic they used to calculate their idea was truthful but not successful. They concluded that purchases might be better than exchanges.

where	rhythm	though	exchange	purchases
truthful	children	thought	athletes	length
months	friendship	together	white	
awhile	watches	arithmetic	chocolates	

Write your own story using as many spelling words as possible.  
You get one point for every spelling word you use correctly.

## 1 Peter 2:24

who Himself  
bore our sins in His  
own body on the  
tree,  
that we,  
having died  
to sins,  
might live for  
righteousness—by  
whose stripes you  
were healed.
